

## Phillips Cruises & Tours, LLC - Meal Choices 2021

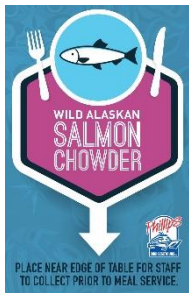

Every adult and child fare includes a hot meal. Our popular Wild Alaska Smoked Salmon Chowder will be served unless another option is requested at booking.

We also provide complimentary hot tea, coffee, and ice water throughout the cruise.

Guests with special dietary concerns may consult our [Meal Nutritional Facts](#). If we do not have a meal that meets your special circumstances, you are welcome to bring your own food on the cruise.

We have a full-service bar with alcoholic beverages, snacks, or small gift shop items available for purchase. Try our very own **Glacier Ice Margarita** with ice from the glaciers along our cruise route. Warm up with our signature hot drinks, the **Klondike Coffee** or **Polar Bear Smooch** hot chocolate. Both are delicious treats when you come inside after feeling the cool glacier breeze. We stock also Alaskan ales and craft beers, wine, and a full selection of spirits and liquors. *Note: Due to State Liquor Laws, guests may not bring their own alcohol or remove any alcohol from our vessels.*
