

M/V BRAVEST CHARTER INFORMATION

CRUISE IN LUXURY!

FIRST CLASS SERVICE IN AN EXTRAORDINARY SETTING

The M/V Bravest is a high-speed luxury catamaran in Alaska, averaging 32 knots while underway. This 127-foot, high-speed catamaran holds 286 passengers on two decks which are enclosed and heated with an inside seat at a table for every passenger on board. Monitors display the route map on both passenger decks making it easy for guests to follow along as we explore Prince William Sound. The M/V Bravest is used on the 26 Glacier Cruise and for private charter service.

M/V BRAVEST CAPACITY | 127 ft (39 m) | 37mph | 32 kn (59 kph) | 286 Guests + Crew
ADA Limited | Restroom Equipped

MAIN DECK:

The main deck has large panoramic windows for guests seated inside to take in the view. Outside, there are several spacious viewing areas. Due to our ability to cruise quickly, the bow doors are generally opened only when the vessel has reduced speed or is stopped for viewing glaciers or wildlife. The aft deck is accessible at any time. The saloon, galley and gift shop are located on the main deck. Five of the nine restrooms on board are located on the main deck.

SECOND DECK:

Ample seating is strategically arranged to allow all guests a terrific view. The second deck was designed with spacious outside decks that wrap around to view the scenery. The wheelhouse, located on the second deck, may be accessed during the cruise with permission from the Captain. We request that no more than four guests enter the wheelhouse at any time and that they limit their visit to a few minutes to allow time for others to step in.

Begin your event with a toast to your success and celebrate with your team aboard a first class catamaran by Phillips Cruises & Tours.
