

# M/V GLACIER QUEST CHARTER INFORMATION

## FIRST CLASS CRUISING!

### OUTSTANDING SERVICE IN AN EXTRAORDINARY SETTING.

The M/V Glacier Quest is a high-speed catamaran that provides a smooth cruise experience. The main deck and second deck feature a reserved seat at a table for every passenger. Large picture windows provide a terrific view from every seat and spacious outdoor areas are located on each deck for more viewing opportunities. Monitors on both decks display our location along the cruise route as we travel into the serenity of Blackstone Bay. The M/V Glacier Quest is used for our Glacier Quest Cruise private charter service.

**M/V GLACIER QUEST CAPACITY**   80 Feet (24 M) | 19 Knots (35 KPH) | 149 Guests + Crew  
ADA Limited | Restroom Equipped

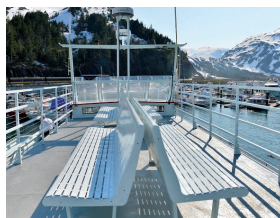

### MAIN DECK:

Seating on the main deck offers upholstered booths with tables facing forward and aft near the windows and can accommodate up to 113 guests. In the center of the boat, the seating configuration faces port and starboard with upholstered captains chair style seating and tables. For outside viewing, step out onto the main deck bow. The galley and three restrooms are located on the main deck.

### SECOND DECK:

The second deck offers upholstered booths with tables. With only 36 seats on the second deck, this area works great for small groups. Due to the location of the wheelhouse, the view on the second deck is out the side and back windows, along with quick access to the second deck viewing areas.

### THIRD DECK:

Step up to the third deck and enjoy a large open-air observation deck with exterior bench seating. This deck offers 360° of spectacular views that allow guests to take in the beauty of the towering mountains and pristine wilderness surrounding us during the cruise.

Begin your event with a toast to your success and celebrate with your team aboard a first class catamaran by Phillips Cruises & Tours.
